

PSEO Application Information Packet

Spring 2023

What is PSEO?

The Minnesota Legislature created the Post-Secondary Enrollment Options program, or PSEO, in 1985. Under PSEO, high school juniors and seniors enrolled in a school (including public, private, home, and charter schools) and/or American Indian controlled tribal contract or grant school can attend colleges and universities and receive both college and high school credit. The State of Minnesota pays for tuition and books. The purpose of PSEO is to enhance the high school experience by promoting "rigorous academic pursuits by encouraging and enabling secondary pupils to enroll full-time or part-time in nonsectarian courses (Minnesota Statutes 124D.09)."

The Legislature left selection criteria and implementation of the program up to the individual college. It is important to note that Century College follows the Minnesota State guidelines for PSEO. **PSEO is NOT an open enrollment program**; students must meet minimum criteria in order to be eligible for the program and courses are offered on a space-available basis only. All of the PSEO qualifications are clearly listed in this PSEO application.

You will need to notify your high school that you are interested in participating in the PSEO program by May 30th each year. Failure to alert your high school by this deadline could result in the inability to participate in PSEO for the following school year. Century College can not override a school district's decision to prohibit participation in PSEO if the May 30th deadline is not met.
